## Why Choose Evergreen through T-Mobile?

- **Unlimited talk, text, 5G and 4G LTE data** on employee smartphones. Calling in North America, regardless of network, is completely free.
- **Mobile Hotspot** keep your devices connected to the internet with 5GB of high-speed hotspot data, and then unlimited 3G data after that—at no extra cost. Mexico and Canada included.
- **Business Choice:** Combine rate plans with eligible device offers for maximum flexibility.

During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization. Video typically streams on smartphone/tablet at DVD quality (480p). One-time payment of the $30 Enrollment Fee Per line will be required prior to activation. Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling $3.99 per voice line and $1.16 per data only line ($0.15 for RPF & $1.01 for TRF) applies; taxes/fees approx. 4–38% of bill. Capable device required for some features. Not combinable with certain offers. Switching plans may cause you to lose current plan/feature benefits; ask a rep for details. Max 6 lines. Plan not available for hotspots and some other data-first devices. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Some messages, including those over 1MB, use data and may be unavailable internationally. Unlimited U.S. roaming. High-speed data is US only. In Canada/Mexico, data is unlimited at up to 128kbps speeds. Not available for hotspots and some other data-first devices. Video streams at up to 1.5Mbps. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. Tethering 5GB high-speed data then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone/tablet usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. May not be reflected on 1st bill. Int’l Roaming: Usage may be taxed in some countries. Calls from Simple Global countries, including over Wi-Fi, are $.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada); customers on consumer plans (e.g. some sole proprietors) pay an additional $.05/min. Standard speeds approx. 128Kbps. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. Coverage not available in some areas; we are not responsible for our partners’ networks. Scam Shield: Capable device req’d. Turning on Scam Block might block calls you want; disable any time. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. During congestion, heavy data users (>50GB/mo. for most plans) and customers choosing lower-prioritized plans may notice lower speeds than other customers. On-device usage is prioritized over tethering usage, which may result in higher speeds for data used on device. See T-Mobile.com/OpenInternet for details.
